TRANSPORT, ROADS AND BUILDINGS (ROADS.III) DEPARTMENT

G.O. Rt. No. 1355

Dated:17.12.2013

Read:-

From ENC (R&B) SR, Hyd, Lr.No.32347 /EE(II)/DEE(6)/AEE(1)/  
2013, Dt: 01.07.2013.

\*\*\*\*\*

ORDER:-

In the letter read above, the ENC (R&B) SR, Hyderabad has submitted the detailed estimates for the following two Roads:

**1) Widening and strengthening to double lane with paved shoulders (10.00 mts carriageway) to Mahabuabad – Dornakal road from Km 12/0 to 24/2.**

The Mahahbubabad –Dornakal road is an important MDR in Warangal dist, which connects the head quarters of Revenue division Mahabubabad with mandal head quarters of Dornakal. This road leads to a shortest route to reach Khammam District headquarters. The road serves so many interior tribal and agriculture potential villages to transport their agricultural product to the nearest market yards at Mahabubabad and Dornakal. The total road length is 24.20 Kms. The road is intermediate lane from Km 0/0 to 24/200 except from Km 4/0-5/0 and Km 13/3 to 14/0 which are double lane. Number of granite quarries is located in Mahabubabad, Kesamudram, Nekkonda Mandals and heavy loaded vehicles transporting granite to industries in Khammam travel by this road. Because of presence of granite quarries in the area, there is heavy traffic on this road for which present intermediate lane is not sufficient. Hence, it is necessary to widen the road to double lane with paved shoulders.

**2) widening and strengthening to Kesamudram-Nekkonda road from Km 0/0 to 16/050 in Warangal district.**

The Kesamudram –Nekkonda road is an important MDR connecting two mandal head quarters of Kesamudradram and Nekkonda. The road forms part of short route from Mahabubabad to the district head quarters of Warangal connecting the MDR of Hanamkonda-Narsamper-Mahabubabad road and State Highway of Rayapatnam-Kodad road. There are two market yards at Nekkonda and Kesamudram which are agriculturally potential Mandals. There are number of granite quarries located around Kesamudram mandal and due to plying of heavy loaded trucks the road getting damaged and sinking at many places and also forming low berms resulting in fatal accidents. Hence, it is essential to widening and strengthening the existing single lane to double lane .

2) The ENC (R&B) State Roads, Hyderabad has certified that the Stage-1 approval is not required as detailed investigation completed and designs are finalized. No land acquisition and shifting of utilities are required for taking up the subject work without interruption for the above two works.

(P.T.O)
